# LAGOON

## STONE FINISH

PAINSTAKING DETAIL AND DEPTH OF COLOR EVOKE THE EXPRESSIVE POWER OF NATURE

### FEATURES & BENEFITS

- Veining effects with a smoothly flowing movement inspired by the stratifications of sedimentary rocks
- Incredibly high breakage loads, up to 3,000 pounds
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains
- Modular for faster installation,
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials.
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- Structured top textures create non-slip surfaces.
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F).

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

### AVAILABLE COLORS

**v2**  MOONBEAM  
LG 01 ST

**v2**  SHARKSKIN  
LG 04 ST
